

## Assessment Information – KS4

### Summer Results 2018

Congratulations to Year 11 Pupils who achieved some superb results that reflect the tremendous hard work of staff and pupils this year. Students, staff and parents have been celebrating since our students results came out on 23rd August 2018.

Pupils have done themselves proud in GCSE exams and 100% have secured the places they wanted on further education, employment or apprenticeship courses.

The Elland Academies results compare favourably with National Alternative Providers, with 25.8% of all pupils achieving 5+ A\* to G grades or equivalent across (National AP 2015: 10.5%). 100% of pupils gained at least 1 GCSE or equivalent at grade A\* to G (National AP 2015: 57.8%).

This year's 11 cohort of 31 pupils achieved some fantastic individual results which is particularly impressive considering the personal circumstances that each have faced and their starting points with us.

### Qualifications

- 77.4% of students managed to achieve 8 or more outcomes compared to 71% last year
- 96.8% of students managed to achieve 5 or more outcomes compared to 95% last year
